Home Study Coarse

May 16th, 2010 US EPA Region 4 Air and Radiation Division States Meeting
Train the Speaker Classroom Session (4hrs.) Lexington, KY
Kentucky Radon Program

May 17th, 2010 US EPA Region 4 Air and Radiation Division States Meeting
Prescription for Radon: A Medical Forum (4.5hrs.) Lexington, KY
Kentucky Radon Program

Spring of 2011; I was approved to be a trainer for the Kentucky Association of Radon Professionals (KARP), which is the official Training Provider for the Kentucky State Radon Program.

March 7th, 2011 ***Radon Control in New Construction*** Lexington, KY
Radon Solutions of Kentucky (RSK) provided a home previously built and equipped with Radon Resistant New Construction (RRNC) features by us, and I provided the field training portion on said home.

March 8th, 2011 ***Radon Mitigation System Inspection*** Lexington, KY
Radon Solutions of Kentucky (RSK) provided a home previously mitigated by us, and I provided the field training portion on said home.

May 18th, 2011 ***Radon Advanced Diagnostics and System Design*** Bowling Green, KY
I provided the field training portion of this class in an actual structure to be mitigated at a later date. Diagnostic techniques were taught to develop an effective system design, performing sub slab resistance test, pressure field extension test, understanding fan curve and fan selection choices etc., to prepare the final mitigation system design, while promoting compliant installation practices and promoting the radon message.

June 22nd & 23rd, 2011 ***Conducting Radon Surveys in Schools & Large Buildings (Radon Testing), Multi Family Buildings, Quality Assurance & Quality Control Measures.***
Training provided by the Center for Environmental Research & Technology, Inc. (CERTI),
For the Kentucky Association of Radon Professionals & The Kentucky Radon Program.
(12 hours of classroom, 4 hours of home study.) (16hrs.) Lexington, KY

To Date: I have attended 17+ radon training courses for a total of 184.5 documented hours of specialized education and training and numerous related meetings etc., so to provide the best mitigation system design, construction and testing services available in the Lexington and Central Kentucky market area.

I am now certified for my 5th two-year cycle for a total of 10 years of credentialing with the National Environmental Health Associations - National Radon Proficiency Program. Certified through June of 2012.

Kenny McLaughlin.
